Easy Initial Setup

1. With a PC, download the Tazzle Desktop software from the Tazzle IT site. Get the Tazzle BlackBerry App, which self-installs from an emailed link from Tazzle or BlackBerry App World.
2. On the PC, after the installer tells you to insert your Tazzle IT into the USB port, give your Tazzle IT a name and PIN number.
3. Select "View" on the Tazzle Desktop software.
4. Now, from your BlackBerry, pair your Tazzle IT once using Bluetooth. Simply "Search" for your Tazzle IT and enter the PIN number you created.

Other PCs And Tazzle

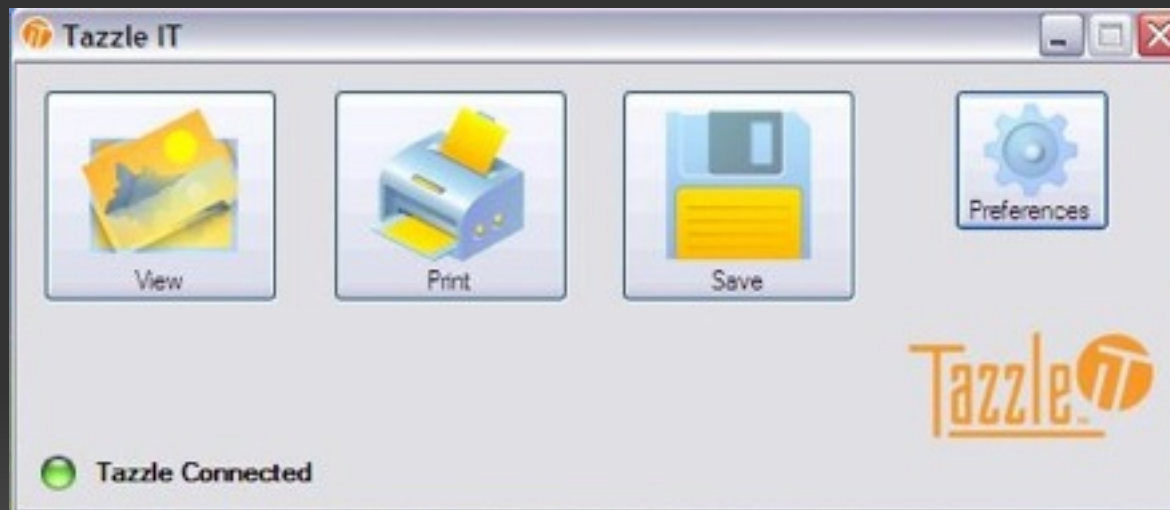

You can install the safe and secure Tazzle Desktop software on as many computers as you wish.

Download the Tazzle Desktop software from the web or save it to your favorite thumb drive and install it from there. Follow the simple instructions.

Since your BlackBerry is already paired to your Tazzle IT USB key, it's ready to go, and you don't have to pair it again.

Using Your Tazzle IT

1. Insert your Tazzle IT in the PC's USB port.
2. On the PC, click the Tazzle IT shortcut icon. 
3. Select what you want to do: "View", "Print", or "Save".

Using Your Tazzle IT

Send your BlackBerry email message content or a photo from the BlackBerry menu.

Click the Tazzle BB icon, select a downloaded attachment or file.

One click sends the file. Each one automatically opens to view, print out, or is saved. The PC automatically handles each file you send.
